## PROFESSIONAL SUMMARY

A passionate Software Engineer specializing in UI/UX Design, Frontend, and Mobile Development. With hands-on experience at RNR Solutions and Hela Script (Pvt) Ltd, I bridge creative design thinking with technical implementation using React and Flutter to craft seamless, user-centered digital experiences. Seeking an Associate UI/UX Designer or Associate Software Engineer (UI/UX) position where I can contribute to building impactful, modern products while continuing to grow as a designer-developer.

## WORK EXPERIENCE

### Software Engineer Intern(UI/UX) - RNR Solutions (Jul 2025 - Jan 2026)

- Designed and implemented responsive interfaces for web and mobile apps using Figma, React, and Flutter
- Collaborated with design and engineering teams to deliver user-centered features
- Conducted usability testing and improved UI components based on user feedback
- Supported frontend development and contributed to scalable, maintainable codebases

### UI/UX Designer - Hela Script (Pvt) Ltd. (May 2024 - Jul 2025)

- Led product design for multiple web and mobile applications, from concept to developer handoff
- Conducted user research and usability testing to inform and refine design decisions
- Designed and maintained reusable design systems for brand consistency
- Collaborated with cross-functional teams to align product goals and user needs

### UI/UX Designer Intern - Hela Script (Pvt) Ltd. (Nov 2023 - May 2024)

- Designed UI components and interactive prototypes for client and internal projects
- Participated in user testing and applied insights to enhance usability
- Supported the creation of the company's initial design system
